

Sinclair Broadcasting's decision to air an anti-Kerry documentary days before the election. This blatantly biased programming is not in the public interest and is a clear example of the dangers of media consolidation.

This corporation uses our public airwaves free of charge. By law they are to serve the public interest. A blatantly partisan attack disguised as "news" is far from this service, and from the spirit of this contract.

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them.

I urge you to take immediate action.
